Dear Friends,

Even if it was spent quietly at home, we had a delightful time ringing in the New Year, and hope you did too. That brings up the first of two blog posts I'd like to share with you today: ***Reaching your new year's resolution of being more active!*** It's a quick read, and a rewarding one. After that is an interesting update on the legality of "***Granny Cams***" in nursing homes or assisted living centers.

Next, some of you might recall **Alyson Agee** who worked with us in the Ocean View office last year. We're delighted to report that after leaving to have her baby (a beautiful little boy!) over the summer, she has returned. Also joining the Ocean View office as a legal assistant is **Brittlee Agostino**. Brittlee received a Masters in Clinical Mental Health Counseling from Walden University and a Bachelors of Science in Psychology from Towson University. She has a solid background as she enters the legal community, and assists with Estate clients, scheduling, filing, phones, and general administrative tasks.

Finally, if you look through the adjacent Important Dates, you might notice we've included the **FREE Health-Fitness Leisure Expo** on March 12th & 13th in Lewes, Delaware. Not just do we feel it's a valuable resource for you, but we're going to be there with our very own CLC booth! There's more info in the link below.

As always, if you, your friends or family have any questions, we would be happy to hear from you; we sincerely appreciate your business and your referrals.

Regards,
John F. Robbert

Reach Your New Year's Resolution of Being More Active

It's a new year, with new New Year's resolutions. The statistics around New Year's resolutions are a bit depressing - only about 44% of U.S. adults make resolutions. Of those, nearly half are broken in the first month. But if you look at why...
