

Chesapeake Currents

Volume 05, Issue 01

April 21, 2022

Dear Friends,

It's hard to believe, but my very own granddaughter is about to graduate high school and go off to college (congratulations Allison, and look out George Washington University!). If you have a child or grandchild in the same situation, now is a perfect time to discuss with them the legal documents which will serve them best: a Healthcare Power of Attorney, and one that includes a HIPAA release. Without these items in place, once he/she turns 18 (should something happen to them) his/her university would not be allowed to share medical information with you! We even made a quick video about it (posted below).

And as a parent with a child leaving the house, now might also be the perfect time for you to update your estate plan. Contact our office today to schedule an appointment so you can cross these items off your list and focus on the important things, like picking out dorm room furniture.

As always, if you, your friends, or family have any questions, we would be happy to hear from you; we sincerely appreciate your business and your referrals.

Regards,
[John F. Robbert](#)
